

Dynamic Purchasing System for Energy Efficiency Retrofitting Works

Information Note

Dynamic Purchasing System for Energy Efficiency Retrofitting Works

A Dynamic Purchasing System for Energy Efficiency Retrofitting Works (the "DPS") was advertised on www.etenders.gov.ie on the 17th December 2020. The Initial Application Period will close on the 28th January 2021 at 3:00 p.m. It is anticipated the DPS will be established in Q2, 2021.

The application process on eTenders will remain open after the initial application period deadline passes and will continue to remain open to new and previously unsuccessful applications over the lifetime of the DPS.

This **DPS will replace** the existing Multi-Party Framework Agreement for **Energy Efficiency Retrofitting Works for Local Authorities**.

What is a Dynamic Purchasing System?

A Dynamic Purchasing System is a two-stage electronic process that contracting authorities use to streamline the procurement of commonly available goods, works or services that meet their requirements from suitably qualified Economic Operators admitted to the DPS.

Stage 1 Call for Competition – DPS Qualification

Call for competition issued by Local Government Operational Procurement Centre (LGOPC) seeking requests to participate in the DPS, and the DPS is established.

Stage 2 Supplementary Request for Tender

Contracting Authorities invite the Economic Operators admitted to the DPS to tender for specific Supplementary Request for Tender (sRFT) Contracts.

Who should Apply?

Contractors who are experienced in carrying out Energy Efficiency Retrofitting Works.

How Many Lots are in the DPS?

There are **two** Lots in the DPS:

Lot 1 - Attic and Roof Insulation, Cavity Wall Insulation, Air Tightness and/or Ventilation measures

The relevant activities associated with energy efficiency retrofitting works for this Lot may include, but are not limited to:

- Attic and Roof Insulation;
- Cavity Wall Insulation;
- Air tightness and/or Ventilation measures;
- Other activities associated with energy efficiency retrofitting works relevant to the Lot;
- Post-works Building Energy Rating (BER) Certificate for each individual property.

Lot 2 – Multiple Energy Efficiency Measures

The relevant activities associated with energy efficiency retrofitting works for this Lot may include, but are not limited to:

- Attic and Roof Insulation;
- Floor Insulation;
- External Wall Insulation;
- Dry Lining;
- Cavity Wall Insulation;
- Window and Door Replacement;
- Air tightness and/or Ventilation measures;
- Heat Pump Systems;
- Heat Pumps;
- Solar Heating System;
- Solar Photovoltaic (PV) Systems;
- Mechanical Ventilation and Heat Recovery Systems;
- LED domestic lighting;
- Other activities associated with energy efficiency retrofitting works relevant to the Lot;
- Post-works Building Energy Rating (BER) Certificate for each individual property.

Contractors wishing to participate in the Lots above must apply for each Lot separately.

Selection Criteria

Contractors applying for admittance to the DPS will be required to meet selection criteria, including:

- Exclusion grounds and conflict of interest Declarations
- Health and Safety Declarations
- Financial and Economic Standing
- Previous experience in carrying out Energy Efficiency Retrofitting Works

Which Public Service Bodies May Call-Off from this DPS?

Energy Efficiency Retrofitting Works may be procured by all Public Service Bodies in the Republic of Ireland (e.g. local authorities, the HSE, the OPW, etc) following the completion of Supplementary Request for Tender competitions under this DPS.

Contractors can indicate which county or counties they wish to apply for during the application process.

How do I Apply?

The application process is made online through www.etenders.gov.ie. The tender documents are available for download at www.etenders.gov.ie. The **eTenders system ID** for this competition is **180725**.

Call-Offs from the DPS

Supplementary Request for Tender (call-offs) competitions will be run separately through www.Supplygov.ie by each of the contracting authorities. Details required at the Supplementary Request for Tender stage will be set out in the Supplementary Request for Tender documents.

Duration of the DPS

It is anticipated the DPS will be established for a period of five (5) years.

Who we are?

The Local Government Operational Procurement Centre operating under the auspices of Kerry County Council is tasked with leading the two procurement categories of **Plant Hire** and **Minor Building Works and Civils**. The LGOPC delivers sourcing methodologies & procurement routes for Local Authorities and other Public Service bodies.

What is eTenders?

eTenders is the Irish Government's electronic tendering platform administered by the Office of Government Procurement.

If you are not registered on eTenders, please now register on www.etenders.gov.ie and apply for this DPS.

This DPS is published on eTenders under a number of relevant Common Procurement Vocabulary (CPV) codes including, but not limited to, the following:

CPV Code 45300000-0 Building installation work

CPV Code 45320000-6 Insulation work
